

60 mm Industrial Spanner

African Closures offers customised branding that extends to its 60 mm Industrial Spanner. The spanner is ergonomically designed to assist with the tightening and loosening of the 60 mm Industrial Closure. Frequent usage provides an excellent opportunity for branding as part of your marketing strategy.

Key Benefits:

- Spanner available in various standard colours (Black, blue, red and white)
- Branding is achieved through embossing on the flat handle design
- Creates a 3D design visual & tactile experience
- Allows for finer detail logos and impactful branding
- Longevity of branding (Does not fade/smudge off)
- Fully recyclable. Contains recycled polypropylene (PP)

Branding Guidelines:

For highly effective results please note:

- Embossing height of 0.1mm
- Drawings files can be supplied as - PDF, DWG, DXF, JPEG & STEP files.
- Artwork can be designed in-house or be supplied by customer
