Dairypack

38 mm C5 Dairy Closure

Introducing South Africa's lightest dairy closure, for a lighter footprint on the environment.

The lightweight C5 dairy closure significantly reduces secondary packaging and carbon emissions.
The special design enables a lower application torque and is compression moulded for improved energy efficiency.
Once opened, the tamper evidence band remains securely attached to the bottle to reduce littering.

ENGINEERED FOR A SUSTAINABLE FUTURE

JANUARY 2025

38 mm C5 Dairy Closure

Lighter, smaller C5 fits more per carton

Smooth surface with no injection point

Knurled grip for easier opening

Slit tamper evidence ensures a clean break

Folded tamper band requires less application torque and improves tamper evidence

Improved overturning torque

Key Benefits:

- Lightweight
- Requires less secondary packaging
- Reduced carbon footprint
- Compression moulded for energy efficiency
- 100% camera inspection for quality and consistency
- More impactful decoration options
- Reduced application torque
- Improved tamper evidence
- Technical support during changeover

Upon opening, the tamper band drops down to make tampering more visible.
The tamper band remains securely attached to the bottle to reduce littering.
